

# Tailhook Association Strike Force

The Tailhook Association Strike Force acts as an active-duty advisory group to the Tailhook Association board of directors. They assist in organizing local and regional Tailhook functions and membership drives, and serve as an active-duty sounding board. Additionally, the Strike Force augments the Tailhook staff at the annual symposium.

The Strike Force coordinates its activities through the Tailhook board member designated as the Strike Force Leader. The composition of the Tailhook Strike Force is 15 or more active-duty personnel representing a

cross section of the Tailhook Navy. They are Regular (voting) Members of the Tailhook Association in good standing.

Your board of directors believes the addition of the Strike Force will further strengthen our already strong bond with the active-duty community and in particular, our lifeblood — the Tailhook junior officer!

For questions about the Strike Force, please contact the Tailhook Association headquarters or board member CDR Marc Preston, USN, at [msp Preston@sbcglobal.net](mailto:msp Preston@sbcglobal.net).
